Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On March 5, 2026, Artelo Biosciences, Inc., a Nevada corporation (the “Company”), filed with the Secretary of State of the State of Nevada a Certificate of Change (the “Certificate of Change”), pursuant to Nevada Revised Statutes 78.209, to effect a one-for-three (1-for-3) reverse stock split (the “Reverse Split”) of the Company’s issued and outstanding common stock, par value \$0.001 per share (the “Common Stock”). The Reverse Split will be effective as of 12:01 a.m. Eastern Time on March 10, 2026 (March 9, 2026, at 9:01 p.m. Pacific Time) (the “Effective Time”). Pursuant to the Nevada Revised Statutes 78.207, the Company’s board of directors has the authority to effect a reverse stock split without stockholder approval if the number of authorized shares of common stock and the number of outstanding shares of common stock are proportionally reduced.

As a result of the Reverse Split, each three (3) pre-split shares of Common Stock outstanding will automatically combine into one (1) new share of Common Stock without any action on the part of the holders, and the number of outstanding shares of Common Stock will be reduced from 2,124,772 to approximately 708,258. The number of authorized shares of common stock has been reduced from 500,000,000 to 166,666,667, while the number of authorized shares of preferred stock has been reduced from 69,444 to 23,148. The new CUSIP number for the Common Stock following the Reverse Split will be 04301G706.

The Reverse Split is being effected in order to improve the marketability and liquidity of the Company’s common stock.

No fractional shares will be issued as a result of the Reverse Split. Stockholders who otherwise would be entitled to a fractional share because they hold a number of shares not evenly divisible by the one (1) for three (3) Reverse Split ratio will automatically be entitled to receive one whole share of Common Stock for each such fractional share. All of the Company’s current outstanding warrants to purchase shares of Common Stock and other derivatives automatically adjust per their terms to reflect the Reverse Split.

Item 8.01. Other Events.

On March 6, 2026, the Company issued a press release announcing the Reverse Split. A copy of the press release is attached hereto as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

Shares Expected to Begin Trading on a Split-Adjusted Basis on March 10, 2026

SOLANA BEACH, CA – March 6, 2026 – Artelo Biosciences, Inc. (Nasdaq: ARTL) (“Artelo” or the “Company”), a clinical-stage pharmaceutical company focused on modulating lipid-signaling pathways to develop treatments for people living with cancer, pain, dermatological, or neurological conditions, today announced that on February 27, 2026, Artelo’s Board of Directors approved a 3-for-1 reverse stock split (“Reverse Split”) of the Company’s common stock (“Common Stock”). The Company’s common shares will begin trading on a split-adjusted basis on the Nasdaq Capital Market commencing at the market open, March 10, 2026. Immediately after the reverse split becomes effective, there will be approximately 708,258 shares of Common Stock issued and outstanding.
